A Tradition of Service

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Los Angeles County Sheriff's Department (Department) has received a Request for Application (RFA) for the Coverdell Forensic Sciences Improvement Act, henceforth referred to as the Coverdell '04 Program. Upon submitting this application to OES, the Department will receive \$91,476 in grant funding. These funds, which are intended to support the Department's ongoing Paul Coverdell National Forensic Sciences Improvement Act (NFSIA) grant program, shall be utilized by the Department to secure continued education and training programs for the Department's full-time forensic scientists.

In complying with the objective of this funding opportunity, the allocation will be used to send members of the Department's full-time forensics staff to educational and training seminars aimed at improving the quality, timeliness, and credibility of Departmental investigations and evidence examinations. In addition to these positive outcomes, the Department's forensic scientists will also be afforded the opportunity to learn modern, industry-specific skills, and techniques that will allow for more efficient and effective investigations.

The curriculum of the educational and training seminars, to be participated in by the Department, will include both theoretical and practical components. These components will be established and developed by the California Attorney General's Forensic Science Task Force and the National Institute of Justice. These organizational characteristics of the seminars will ensure that the curriculum is valid and reliable and will assist the Department in maintaining its American Society of Crime Laboratory Directors/Laboratory Accreditation Board (ASCLD/LAB) accreditation.

Implementation of Strategic Plan Goals

The NFSIA grant program supports two goals within the County of Los Angeles' Strategic Plan. Specifically, with the support of this forthcoming funding source, the Department will realize the achievement of Goal #2: Workforce Excellence, as well as Goal #3: Organizational Effectiveness. With the grant funds being directed at educating and training the Department's full-time forensic scientists, not only will the scientists be provided with valuable professional skills and techniques; but as a result, the Department will be afforded the opportunity to more efficiently and effectively complete forensic investigations.

FISCAL IMPACT/FINANCING

The NFSIA grant program will provide \$91,476 in federal grant funding to the Department. Under this program, the County is not required to contribute any matching funds. Funding for this program will be included in the Department's Fiscal Year 2005-06 budget. The NFSIA grant offsets one hundred percent (100%) of the program cost; therefore, there is no impact to net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This proposed program will be effective for ten (10) months. The application documents have been reviewed and approved as to form by County Counsel.

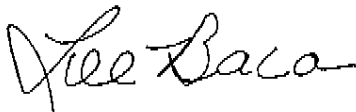

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Once the Department receives the aforementioned grant award, there will be no negative impact on the Department's current services and/or projects.

CONCLUSION

Upon approval by your Board, the Department requests that your Board please provide four (4) individually adopted copies of this action and one (1) executed original of the attached Certification of Assurance of Compliance to the Sheriff's Department. The Department's contacts for this requested Board action are Michelle A. Day, Grants Manager, at (323) 526-5212, or Ray Young, Grants Coordinator, at (323) 526-5153.
